

Effective March 17th, 2020, Montezuma State Bank will be taking loans by appointments only. Please call 641-623-5766 to speak with one of our employees about setting an appointment up. We ask that if you are sick or have been sick, please do not enter the building without being free of fever (100.4° F [37.8° C] or greater using an oral thermometer), signs of a fever, and any other symptoms for at least 24 hours, without the use of fever-reducing or other symptom-altering medicines (e.g. cough suppressants). This is in an effort to reduce risk to our employees and customers as well as prevent the spreading of germs.
